RE: Designated Margins Established by Vote Count Verification Committee

Dear Secretary Brewer:

In accordance with A.R.S. § 16-602(L)(4), the Vote Count Verification Committee hereby establishes the designated margin for early ballots to be set at five votes or two percent, whichever is greater.

In accordance with A.R.S. § 16-602(L)(4), the Vote Count Verification Committee hereby establishes the designated margin for regular ballots cast at the polling place to be set at three votes or one percent, whichever is greater.

The Vote Count Verification Committee supports your efforts to develop procedures to assure that all counties conduct the manual count of precinct votes and the early ballot audit in a uniform manner and recommends that the results of the count and audit be made available to the Vote Count Verification Committee for analysis when setting future designated margins.

Thank you for the opportunity to serve on this important Committee.

Sincerely,

Dr. William E. Lewis, Chair
Vote Count Verification Committee
